Dear Parents

We, at Sunbeam, realise that grandparents play many important roles in their grandchildren's lives. Apart from providing selfless love, they model positive values and teach them about their family's history and traditions. They act as mentors and family historians, sharing their knowledge and wisdom through memories of their own childhood and telling stories about their children.

Sunbeam acknowledges the presence of grandparents in a child's life. Hence, the concept of **Grandparents' Cove** is being introduced. We would want to know more about your child's grandparent, who is actively involved in his/her academic progress and parallel curriculum. The grandparent may come to the school for Child Parent Teacher Dialogue (CPTD)/ Parent Teachers' meetings along with you to know more about your child's progress in school. They will also be a part of a special whatsapp group wherein they will get all school related information and notices.

For this we are sharing with you a **Grandparent's Information Form**.

Kindly fill up the form so that we may be able to get more details about the grandparents who would be part of the **Grandparents' Cove**.
