Notice - Birthday Celebration

Dear Parents,

We promote healthy eating habits in our students. Keeping the same in mind we request you to kindly refrain from sending sweets, toffees, cakes, pastries, chocolates, packaged drinks and wafers etc. during birthday celebrations in school. In place of the above mentioned things, you may send story books, stationery items, saplings or any seasonal fruits or dry fruits. Kindly ensure that the things you are sending are not very expensive as we want to avoid any unhealthy competition among the students. Kindly adhere to the above rules failing which the Principal can stop the child from distributing the things.

You may also send two books to be donated to the school library.

Looking forward to your support and cooperation towards the health of children.

Principal
